

Partnering with CFA

CFA is considered a highly trusted and respected emergency service by 94% of the Victorian community[^]

94%

About CFA

CFA is a volunteer and community-based fire and emergency services organisation. CFA's 59,000 volunteer and career members support Victorian communities through a wide range of front line services including prevention, preparedness, response and recovery activities.

Our Vision

Our vision is to work together with communities to keep Victorians safe from fire and other emergencies.

CFA seeks to develop formal partnerships (sponsorships) with major corporate and community entities, focused on improving its community engagement and preparedness programs, as well as supporting volunteer development and funding community engagement resources.

Contact
